

Updated June 19, 2023

LIVE ACTION FILMING IS BACK!

Remote streaming workflows with low latency are firmly established as a tool that can reduce travel and boost film production sustainability. Make strategic use of it with our boots on the ground production service in 50 territories.

[Click to listen and read about positive producer takeaways of working during the pandemic](#) in a Screen Daily webinar.

[Click to read about remote shoots that don't look it](#) - all executed by our PSN Partners during the pandemic.

[Click to consult budgetary considerations](#) when preparing a production brief and bid to film abroad during the pandemic.

[Click to review safety measures](#) PSN Partners are taking to uphold client, talent and crew confidence in live action filming.

[Click/scroll to view an up-to-date list of major film hubs](#) where cameras are rolling and within what parameters.

Stay healthy, be innovative, work together!
